Student Name: Isma Saleem

Roll Number: 2024_CET_07

Task 1: Canva Interface Exploration

Q1. Name any FOUR tools available in the Canva sidebar

. Here are four common tools available on the Canva sidebar:

Templates – ready-made designs you can use

Elements – shapes, icons, stickers, lines, etc.

Text – to add headings, subheadings, and paragraphs

Uploads – to upload your own images or files

Q2. What is the purpose of the following Canva tools?

Canva Tool	Purpose
------------	---------

In Canva, the sidebar tools help you design easily. Here's the simple purpose of each:

1. Text

Used to add words or writing to your design

You can add headings, subheadings, or paragraphs

Also lets you change font style, size, and colors

2. Elements

Used to add shapes, icons, stickers, lines, charts, etc.

Helps make your design more attractive and creative.

3. Uploads

Used to upload your own images, videos, or files from your device

Then you can use them in your design

Task 2: Design Task Motivational Quote Post

Qno3: Motivational quote
